## 2018 CINCINNATI OPEN

### U1700 SECTION FINAL STANDINGS

Note: The following standings for the U1700 section differ from the official Event Summary published on [www.uschess.org](http://www.uschess.org) with respect to the order and pair number for players 4 through 14 inclusive. The reason for this is that a player (Peter Galupo) initially requested a bye for round 6 but then played a 6th-round game that replaced, for purposes of the tournament, his forfeit win in round 5. Thus the USCF Event Summary shows this player with no zero-point bye and a score of 3.5 (for 6 rounds), which includes both the round 5 forfeit win and the round 6 win. For purposes of the tournament only one of these two points could be counted, giving him a tournament score of 2.5 as reflected below. As a consequence his pair number changed from 4 as show on the USCF Event Summary to 14 as shown below, and the pair numbers for players 5 through 14 on the USCF Event Summary each decreased by 1 to 4 through 13.
