Additional Information Regarding Trophies

Trophies were ADDED to the advertised number of trophies in two cases. First, when a tie for the last advertised trophy place could not be broken via the www.chess.com tiebreaker system, an additional trophy was added. Second, Honorable Mention trophies were presented IN ADDITION TO the advertised trophies in the unusual circumstance of a player obtaining a perfect score for the day's tournament but not qualifying for a trophy. Total trophy places = 40.

Players who qualified for a trophy more than one time, as detailed above and summarized below, received ONE LARGER trophy listing all their awards rather than multiple smaller trophies. Players who qualified for multiple trophies are as follows:
